

**FORT BELKNAP ENVIRONMENTAL DEPARTMENT
OLD AGENCY LANDFILL**

Site Name	Township	Latitude
Old Agency Landfill	32N	48.4831
Site Address	Range	Longitude
RR 1 Box 66 Harlem, MT 59526	23E	108.7767
Land Ownership Status	Section	Location Method
Trust	32	GPS NAD83
Type of Site	Part of Section	Directions to Site
Landfill	NE ¼ SW ¼	Turn right from Tribal Office drive down paved road to water plant, enter jeep trail to west side of site.
Site Size in Acres	Allotment Number	
5		
Property History		
Landfill was in operation from the early 1900's and officially closed in 1970, beginning the construction of the adjacent water treatment plant. Landfill received all types of waste. Landfill were a number of trenches that were dug and filled with waste and covered. Construction Debris was disposed of on the surface in the early 1990's until 2001, when the site became an official brownfields site.		
Current Use		
People use the dirt trails for walking/jogging and adjacent oxbow is used for fishing and recreational activities.		
Assessment Funded by:	EPA-Brownfields Demonstration Assessment Pilot Grant	
Assessment Completed by:	Portage Environmental / URS -Ray Schwaller-Project Manager	
Phase I Date	Known / Potential Environmental Concerns	
8/1/2002	Pesticides	
Phase II Date	Known Environmental Concerns/Recommendations	
10/1/2003	DDE, DDT, DDE, DDD, Chrysene	
Phase III Date	Corrective Actions/Cost and Re-use Options	
12/1/2003	Further sampling warranted, three cost alternatives/ re-use options include hiking/joking trails with recreational park.
